Page 1 of 1

PATENT NO. : 7,942,109  
APPLICATION NO.: 10/092,878  
ISSUE DATE : May 17, 2011  
INVENTOR(S) : Michael R. Schramm

It is certified that an error appears or errors appear in the above-identified patent and that said Letters Patent is hereby corrected as shown below:

On the face of the patent, below the notice of patent term adjustment and above the patent serial number (i.e. between fields (76) and (21)), the following words appearing in parenthesis below should be deleted:

"This patent is subject to a terminal disclaimer"

It is noted that although terminal disclaimers were filed in the application, on April 7, 2010, a petition under 37 CFR § 1.182 was filed to nullify all terminal disclaimers filed in the application. Further, on October 26, 2010, a renewed petition under 37 CFR § 1.182 was filed to nullify all terminal disclaimers filed in the application. On November 5, 2010, the petition to nullify all terminal disclaimers in the application was granted. Thus all terminal disclaimers filed in this application were nullified and the patent is not subject to any terminal disclaimer. It is noted that the above explanation is readily verifiable in the file wrapper of the patent.

DATE: September 21, 2011    Respectfully submitted,

/Michael R. Schramm/
